

# Star 2100

## Ride-On Street Sweeper

Efficient sweeping performance for industrial and outdoor cleaning applications.

### Wide Cleaning Coverage

1150 mm working width with dual side brushes and main brush for efficient sweeping.

### Powerful Performance

48V 100Ah power system delivers up to 4.5–5 hours of continuous operation.

### Maximum Maneuverability

0 turn in place for effortless navigation in tight spaces.

### Effective Dust Control

4.0 m<sup>2</sup> filtering area with water tank and dust shaker for cleaner results.

## TECHNICAL SPECIFICATIONS

Travel speed	0-10 km/h
Working speed	0-8 km/h
Climbing grade	<25%
Filtering area	4.0 m <sup>2</sup>
Garbage bin capacity	80 l
Working width	1150 mm
Side brush diameter	350 mm
Main brush length	530*260 mm
Power source	48V 100Ah
Working efficiency	6000 m <sup>2</sup> /h
Continuous working time	4.5-5h

Drive (motor)	800 w
Net weight	320 kg
Dimensions	1500*1000*1320 mm
Tire	Solid rubber tire
Water tank capacity	35 l
Minimum turning radius	0 Turn in Place
Operating power (motor)	450+20*2+350+50 w
Battery	4x 12V100Ah

### RELIABLE

Built for demanding environments.

### EFFICIENT

High productivity with low operating cost.

### PRACTICAL

Simple operation and easy maintenance.
